

The Scottish Craft School

The Scottish Craft School offers discerning travellers an opportunity to experience Scotland through exceptional craftsmanship and immersive creativity. Our beautifully appointed studio provides an inspiring setting for hands-on creative experiences rooted in heritage, sustainability, and contemporary Scottish craft.

We are based in the historic cathedral town of Dunblane, just a short walk from the train station and minutes from Stirling. We are easily accessible by car via the A9, and well connected by rail and bus to Edinburgh and Glasgow. We are approximately 40 miles (65 km) from Glasgow Airport and 35 miles (56 km) from Edinburgh Airport.

Cyanotype Photography Workshop

- Discover darkroom-free photography processes to create ethereal blue prints
- Select from the found objects and plant materials provided to create your own compositions
- Make a set of stunning art prints on paper ready to be framed or made into cards
- Pick up a handy kit in our store to take on your travels and create a unique snapshot of Scotland as you document your trip
