

The Scottish Craft School

The Scottish Craft School offers discerning travellers an opportunity to experience Scotland through exceptional craftsmanship and immersive creativity. Our beautifully appointed studio provides an inspiring setting for hands-on creative experiences rooted in heritage, sustainability, and contemporary Scottish craft.

We are based in the historic cathedral town of Dunblane, just a short walk from the train station and minutes from Stirling. We are easily accessible by car via the A9, and well connected by rail and bus to Edinburgh and Glasgow. We are approximately 40 miles (65 km) from Glasgow Airport and 35 miles (56 km) from Edinburgh Airport.
